Astoria, Oregon 97103
Phone (503) 325-3771

ACADEMIC LIFE

Our students deserve the best possible education. Our focus this school year will be to provide direct instruction at the students' instructional level and evaluate them on a regular basis. Concepts will be introduced at the appropriate level and reinforced frequently throughout the school year. Parents will be informed regularly of student progress. With administration, teachers and parents working together, our students will experience an excellent education at Star of the Sea.

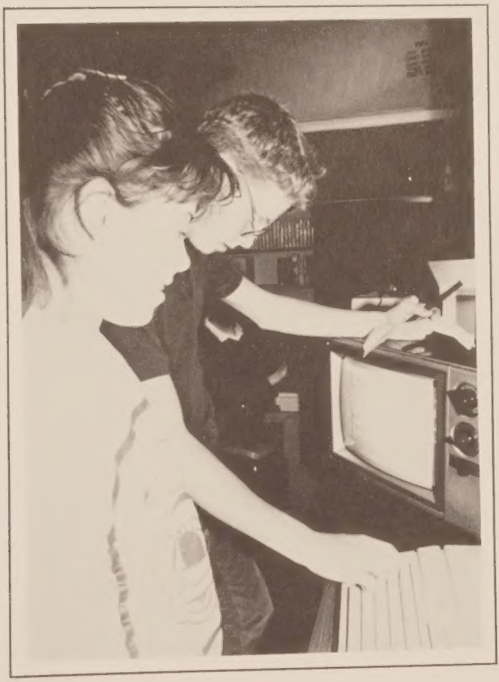
Steven D. Wascher

Mr. Steven D. Wascher
Principal

PHILOSOPHY

STAR OF THE SEA SCHOOL strives for the formation of the whole person integrating spiritual and temporal values in accord with the teaching and example of Jesus Christ. We seek to nuture and challenge students in an active Catholic environment:

- spiritually
- academically
- socially
- physically



SPIRITUAL LIFE

Our students will be exposed to outstanding models of Christian life in the example, words and lifestyles of the men and women with whom they will be associated. These men and women will be prayerful and will give witness to the Gospel values of love, truth, peace, justice and freedom which promote and build up the kingdom of God.

They will be encouraged to pray and understand Jesus and His teachings as contained in Sacred Scripture and the Tradition of the Church. They will experience religious activity and participate in liturgies, both sacred and devotional.

They will be formed in an atmosphere permeated with the love and Spirit of Christ that they may be pleasing to God and man.
